

We understand the impact of the Corona Virus Pandemic on families due to the closure of child care facilities in Tennessee and across our region.

The Tennessee Child Care Resource and Referral Network is providing a toll free number for help locating available childcare.

**For help locating available childcare,
call 866.296.3422.**

The Tennessee Childcare Resource and Referral Network provides resources for parents, child care educators, employers and the communities who support quality care and the development for our children.

This project is funded through a grant with the TN Department of Human Services and Signal Centers, Inc.
