

City of Chattanooga Homeless Service Division COVID19 Plan

About this Plan

This plan provides information, procedures, and policies for the City of Chattanooga Homeless Services Division, its staff, and the people experiencing homelessness that they serve starting 3/16/20. This plan remains in place until further notice.

Goals of this plan:

1. Prevent the spread of the COVID19 virus among the homeless population
2. Help people experiencing homelessness who have COVID19 access resources, assistance, and a safe place to isolate themselves.
3. Protect HSD staff members from contracting COVID19.

Homeless Services Division Staff - Policies and Procedures

Policy:

As directed by Mayor Berke on 3/13/20, all city employees are encouraged to work from home and refrain from gathering in groups until further notice. HSD will strive to continue vital street outreach to people experiencing homelessness daily to help communicate, prevent, test, and treat people. Staff members with children and vulnerable medical conditions will be prioritized to isolate, work remotely, and not perform street outreach.

Procedure:

1. Each morning starting at 8:30 AM, HSD staff will convene for a Google Hangout call to discuss activities for the morning

City of Chattanooga Homeless Service Division COVID19 Plan

2. A small group of HSD staff will conduct street outreach to people experiencing unsheltered homelessness
3. All staff will work from home from 1:30 PM until the end of their scheduled workday. The office will remain open for anyone needing to perform essential duties they could not otherwise perform at home.
4. Each afternoon starting at 1:00 PM, HSD staff will re-convene for a Google Hangout to debrief the morning and discuss afternoon activities

General prevention procedures for HSD staff (follow every day)

1. Daily cleaning of work spaces with disinfectant (desk, keyboard, phone)
2. Wear gloves when handling people's belongings
3. Regular hand washing or sanitizing before and after entering a new space, contacting a client
4. Give 3-6' space between yourself and other staff, clients
5. If you feel any symptoms, stay home

Preventing spread of COVID19

For people experiencing homelessness who do not have COVID19

Procedure:

1. HSD staff will communicate effective prevention measures to people experiencing homelessness, delivering prevention supplies when needed.
2. HSD staff will document the places and individuals that have received this information and the date that they received this information.
3. HSD Manager will communicate results of street outreach to Hamilton County Homeless Healthcare Center

Encampments

Encampments will be visited starting with the furthest from service providers, working inward to the City Core. Outreach will provide basic sanitation items as well as educational information on how to stop the spread of COVID19.

Procedure:

Encampments will be visited in the following order:

- Day 1, Week A: Ooltewah, Lee Highway, and Hamilton Place
- Day 2, Week A : East Brainerd and East Ridge
- Day 3, Week A : Soddy Daisy and Hixson
- Day 4, Week A: Rossville
- Day 1, Week B: Lookout Valley, Signal Mountain
- Day 2, Week B : St. Elmo, Broad Street
- Day 3, Week B : Highland Park and East 23rd Street
- Day 4, Week B : North Shore, Downtown

Responding to suspected cases of COVID19

For people experiencing homelessness who are exhibiting COVID19 symptoms and have not been treated and/or tested

Procedure:

1. Maintain a safe social distance from the person (3-6')
2. Follow [CDC guidelines](#) in identifying people who are exhibiting symptoms of COVID19
3. Report all cases by phone to the Hamilton County Homeless Healthcare nurse first
4. Receive instructions from Hamilton County Homeless Healthcare on what to do with that person
5. Ensure the person has what they need to get care (i.e. transportation, medicine, etc.)
 - a. If the person has a barrier that you are unable to remove to get care, call HSD manager.
6. Document the person's name, location, and the result of the report
7. After the person has been transferred or isolated, follow-up by phone. Do not follow-up in-person for at least 14 days, except to drop off supplies.

Transportation procedure

- At this time, unless the person is presenting COVID19 symptoms, DO NOT TRANSPORT
- Currently the best way to transport a person experiencing homelessness who appears to have COVID19 to care is via EMS and calling 911.

City of Chattanooga Homeless Service Division COVID19 Plan

- The City of Chattanooga has vans with vinyl seating and full sets of protective safety equipment available for two drivers.
- We are working to recruit drivers that are willing to help transport a person experiencing homelessness to a healthcare facility and/or potential quarantine locations.

Outstanding Needs

Need	Description	Why
People to transport	The City has two vans and full sets of protective equipment available. We need volunteers (preferably city staff) who can transport people to care.	People experiencing homelessness may be far from a healthcare facility and have no access to transportation to get there.
Food for homeless encampments in isolation	A two week supply of nonperishable food. Ideally we'd like help from a food bank agency partner to use their access to food bank food to help put these together and we can distribute.	People who are experiencing homelessness that need to isolate themselves where they are spending time and sleeping need food to survive while isolated.
Additional supplies for homeless encampments in isolation	Full list of supplies needed on Amazon here	People who are experiencing homelessness that need supplies to keep themselves clean, dry, and healthy. Basics like toilet paper, water, soap for reducing the spread, etc.
Overflow quarantine location	A large location that can serve as an additional location for people to quarantine	People who are homeless and have COVID19 need a safe space to quarantine. This prevents them from the virus worsening due to lack of shelter from the elements and prevents the virus from

City of Chattanooga Homeless Service Division COVID19 Plan

		rapidly spreading amongst the population.
Street outreach volunteers	Visiting people who do not have shelter in the woods, on the street, under bridges, etc. and delivering information and supplies to them to isolate and prevent the spread of the disease. Also finding people who may have COVID19 and getting them to care.	People experiencing homelessness need information, supplies, and social interaction during this time of crisis in order to isolate and prevent themselves from getting or spreading the virus
Medical professionals	To help with setup of quarantine locations and staffing of those locations.	People who are homeless and have COVID19 need a safe space to quarantine. This prevents them from the virus worsening due to lack of shelter from the elements and prevents the virus from rapidly spreading amongst the population.
